CAREER OBJECTIVE

I aim to apply my knowledge in Information Science and Engineering to practical challenges in the tech industry. With a strong interest in problem-solving and learning, I'm excited to grow through real-world experience. I look forward to contributing to a collaborative and forward-thinking team.

EDUCATION

S J B Institute of Technology-VTU

Information Science Engineering* - 9.02 CGPA

Nov 2022 - June 2026

B G S PU College - Pre-University (PCMB)

2nd PUC – 97%

March 2022

Vasavi Vidya Peeta - ICSE

Class 10 – 89%

March 2020

PROJECTS

Mini Medicine Search Engine

Dec 2024

- Designed a specialized search tool to help users identify medications based on symptoms entered.
- Built a prescription recommendation system using predefined **symptom-medicine mapping**.
- Integrated links for users to **order medicines online**, creating a real-time utility feature.
- Emphasized accessibility and ease of navigation in **UI design**.

Criminal Tracking in CCTV Footage using MTCNN and FaceNet

Feb 2025

- This project presents an AI-based system for automatic criminal tracking using deep learning techniques.
- MTCNN is used for accurate face detection, while FaceNet performs reliable face recognition by matching detected faces with stored criminal records.
- The proposed system reduces human dependency, improves detection accuracy, and enables real-time identification to enhance public safety.
- Technologies: Python, MTCNN

SKILLS

- **Programming Languages:** C, Java, HTML, CSS, JavaScript.
- **Database Management:** MySQL, MongoDB.
- **Soft Skills:** Exemplary management skills, Teamwork, Adaptability.

CERTIFICATION

- **Programming in Java** from *National Programme on Technology Enhanced Learning – IIT Kharagpur*. Gained hands-on experience in writing structured programs and building object-oriented Java applications.

LINGUISTIC KNOWLEDGE

- ENGLISH – Proficient
- KANNADA – Native
